Little touches...Grand gestures.
As the Scottish Hotel of the Year 2011, we know a wedding is about all those little touches that make up your big day.

Consider the ingredients: a magnificent country house, luxury guest rooms, a stunning Highland landscape, kilts, tartan, a piper, not to mention magnificent food, fireworks and a romantic rosy dawn breaking across the loch.

We love weddings at The Torridon and, happily according to those who have gone before, we do them rather well.
A Torridon wedding is about all those little touches that make up your big day.

Food and Drink.

Little touches...

Our Head Chef Jason ‘Bruno’ Birkbeck has crafted a selection of menus for you to look at, these menus are flexible so you may prefer to mix and match the starter and main courses to make a particular menu of your choice.

Jason is happy to discuss your requirements and create a very personal menu for your day. We do require you to choose the same menu for the whole party, but we can create a special menu for those guests with any individual dietary requirements or needs.

You may also wish to consider an informal buffet style dinner on the first night.

We can help select your wine and champagne choice to compliment your meal once you have selected your menu.
